

PORT AUTHORITY POLICE CONTACT NUMBERS

To our Brothers and Sisters of the PAPD,

All too often an active or retired member of the PAPD winds up in a situation where they or their family needs to contact the Port Authority for assistance and they do not know who to call.

The attached page is intended to provide contact information for you and your family.

Use the spaces in the top and bottom sections to personalize the information to your specific situation and needs.

Use the back of the page for additional notes and/or instructions for your family.

Place the completed sheet in a plastic page protector and kept in a secure but accessible place, where your family members will know to find it when they need it.

Be sure to review the personalized contacts (in the bottom section) at least once a year to ensure that the information is up to date.
